How to make your house look professionally decorated

Find your perfect color palette

The 60/30/10 rule of using color

Step 1: List your 3 favorite colors:

\_\_\_\_\_

Of these three colors which one do you and your family like best: \_\_\_\_\_

Step 2: What is the color opposite your favorite on the color wheel:

\_\_\_\_\_

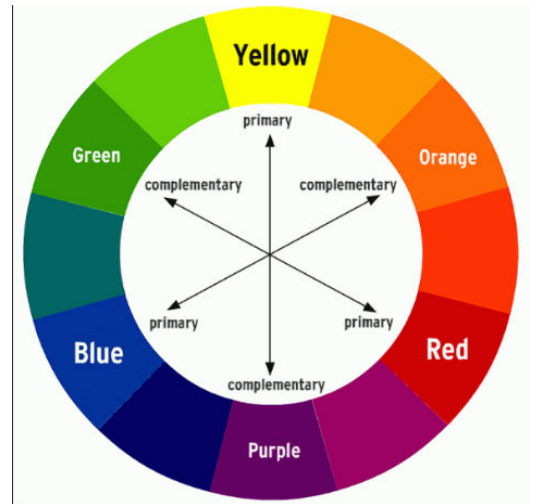

What is the color to the right of your favorite on the color wheel:

\_\_\_\_\_

What is the color to the left of your favorite on the color wheel:

\_\_\_\_\_

Which one do you like the best? \_\_\_\_\_

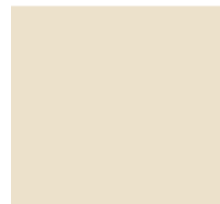

Step 3: What is your favorite neutral family?

\*Grey (warm or cool)

\*Beige (warm or cool)

\*White (warm or cool)

SW 6170 Techno Gray

SW 6234 Uncertain Gray

SW 6106 Kilim Beige

SW 9086 Cool Beige

SW 2829 Classical White

SW 6253 Olympus White

From your favorite neutral family – which goes best with your flooring: \_\_\_\_\_

The color you chose in Step 3 is: \_\_\_\_\_ your 60% main (dominant color)

Step 2 is: \_\_\_\_\_ your 30% secondary color

Step 1 is: \_\_\_\_\_ your 10% accent color

\*Colors listed are from Sherwin Williams and were current as of October 2016 – they may appear different based on your screen or printer settings
